## **Atlantis model kit Insert program!**

Show off your company's products through the Atlantis model kit Insert program. Reach thousands of customers by offering a postcard size print describing your business or organization and the products or services you have to offer. The cards will be inserted into our New Model kit boxes! All Atlantis kits are made and packaged right here in the USA. Our kits include Aircraft, Ships, Automotive, Armor, Space/Sci-fi and Figures. Atlantis plans to release many kits in the coming years due to the recent acquisition of many old classic Molds from Revell, Monogram, Aurora and Renwal!

These kits will be shipped around the world to distributors, hobby shops, Amazon, specialty stores and national chain stores.

All cards must be shipped to our warehouse. We have a local bulk printer you can use and we can pick them up for you to save on shipping. We can make an introduction. Save \$\$\$

Cards inserts are .10 per insert.

If you are going to include a small sample of your product the cost is 0.05 per insert.

The program is great for new and older companies looking for exposure to Hobbyists. Customer acquisition is vital to all of our businesses. No better more cost effective way to do it through the Atlantis Model kit insert program! We recommend using a code on your insert to track performance and drive traffic to your website.
